

The Federal Communications Commission

Dear The Federal Communications Commission,

If you raise my telephone bill, Mister, I have other ways of communicating in case of an emergency and let it be known that YOU WILL NOT GET AN EXTRA PENNY FROM ME!!!!. You among other jackals are after my hard earned dollars. I'll just go back to the time that I never had a telephone and my life was happy. I know that you are going to pass the bill and IDIOTS will vote for you, but U will not get my hard earned dollar >:=P

PS!! I can boycott all FCC. I can even turn my television and radio off, so that you cannot spread your propaganda to me, so there FCC!!!.

Sincerely,

Heather Adams
